Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Coffee for Good, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis of Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 958, *Not-for-Profit Entities*. Under FASB ASC 958, the Organization is required to report information regarding its financial position and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board of trustees may designate assets without restrictions for specific operational purposes from time to time.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Non-Profit Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Revenue Recognition

Contributions: Contributions are recognized as net assets without donor restrictions unless their use is specifically restricted by the donor. When a donor restriction expires, the stipulated time restriction ends, or the purpose of the restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statements of Activities and Changes in Net Assets as net assets released from restrictions. Contributions for which restrictions are fulfilled in the same time period in which the contributions are received are recognized as net assets without donor restrictions. Contributions that are permanently restricted by the donor, from which the Organization may only draw from the permanently restricted assets in accordance with direction from the donor (e.g., income only, a defined percentage, income plus realized gains, etc.)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory is made up of merchandise items (T-shirts, coffee mugs, water bottles...) and is valued at cost on the balance sheet.

Property and Equipment

Expenditures for property and equipment are capitalized at cost, if purchased, or at estimated fair values on dates donated. Purchases of \$1,000 or more are capitalized as incurred. Repairs and maintenance to existing facilities are expensed as incurred. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used are reported as restricted support. Property and equipment are depreciated using the straight-line method based on the following estimated useful lives of the assets:

Leasehold improvements	15 years
Furniture and fixtures	7 years
Equipment	3 to 5 years

Use of Estimates

The Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Organization regularly assesses these estimates and, while actual results may differ from these estimates, management believes that material changes will not occur in the near term.

Functional Expenses

Functional expenses have been allocated between program, management and general and fundraising services based upon actual costs and percentage of personnel time devoted to each area. Certain overhead costs have been allocated based upon analysis of aggregate charges within each functional area.

Advertising Costs

Advertising costs are expensed as incurred. Advertising expense was \$2,990 for the year ended June 30, 2025.

Uncertainty in Income Taxes

The Organization evaluates all significant tax provisions as required by accounting practices generally accepted in the United States of America. As of June 30, 2025, the Organization does not believe that it has taken any positions that would require recording any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next year.

Generally, federal and state authorities may examine the Organization's informational tax returns for the three years from date of filing. Consequently, income tax returns for years prior to 2022 are no longer subject to examination by tax authorities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, the Organization considers all dollar-denominated, highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

Fair Value Measurements

In accordance with ASC 820, the Organization discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy established under ASC 820 gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The Organization's investments are classified within the fair value measurement. The three levels of the fair value hierarchy under ASC 820, and its applicability to the Organization's portfolio investments, are described below.

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Going Concern

The financial statements have been prepared under the going concern basis of accounting. Under this presumption, the Organization is reasonably expected to remain in existence and honor all its commitments for the foreseeable future.
